

ONSITE MAP GROWTH TRAINING

This hands-on training session is designed for new MAP® Growth™ users. Participants will get a brief introduction to NWEA® and MAP Growth—and have the chance to experience the assessment as a proctor and as a student. You will also learn how to access help resources and MAP Growth reports as well as examine best practices for setting up and proctoring MAP Growth tests. All hands-on training scenarios and exercises are done using a sample NWEA environment with your devices.

What you'll learn

- + Understand the benefits of MAP Growth, the RIT scale, and the adaptive nature of the MAP Growth assessment
 - + Learn to create and save test sessions, assign tests to students, and manage an active test session
 - + Learn common troubleshooting issues during a live test session
 - + Explore the different help resources available to reinforce staff learning
 - + Learn how to access reports, and get a brief high-level overview of the most commonly used reports
-

Prerequisites

Technical requirements

- + District MAP Growth license
- + All participants should have access to a sound-enabled workstation or laptop for hands-on exercises
- + Internet connectivity
- + Projector

Background knowledge

- + Product training is designed for new users
 - + No prerequisites
-

Customization options

Customize your training experience by selecting one or more of the following sections as focus for your training session.

Section one: NWEA and MAP Growth introduction (30 minutes)

- + Who is NWEA?
- + Benefits of MAP Growth
- + What is a RIT score?
- + How the adaptive nature of MAP Growth works

WHO SHOULD ATTEND

Primary audience:

- Teachers
- Assessment proctors for sections 1-3

Secondary audience:

- Principals
 - Assessment coordinators
-

DELIVERY & DURATION

- Half day (two sessions per day maximum)
 - Up to 30 participants per workshop
-

EXTEND YOUR LEARNING

As an NWEA partner, you can access our Professional Learning Online platform to reinforce what you've learned, develop new skills, and find answers to your questions.

Section two: MAP Growth product training (three hours)

- + How to access MAP Growth
- + Introduction to the MAP Growth assessment
- + How to proctor an active MAP Growth session
- + Experience the assessment as a student
- + Understand how to resume an interrupted (suspended) test or offer a make-up test
- + How to troubleshoot common testing issues
- + Overview of how to access help resources and reports

Section three: MAP Growth help resources (30 minutes)

Take a more in-depth look at how to access MAP Growth help resources, such as:

- + in-product help
- + technical support
- + NWEA Professional Learning Online, MAP Growth to Khan Academy, or the NWEA College Explorer Tool

Section four: Rostering and district-level MAP Growth setup (two hours)

Intended for MAP Growth coordinators or district/school/organization administrators, this section covers rosters, MAP Growth preferences, and district-level setup components. This training is usually conducted separate from sections one through three and is confirmed in advance.
